ReMAP

Software for the Digital Enterprise

The ReMAP platform

ReMAP™ is a SaaS (Software as a Service) portfolio of solutions designed to transform a business into the Digital economy. It has three basic tenets – BUILD, OPERATE, and MEASURE

ReMAP addresses all aspects of business operations. While primarily targeted at Home Building, Home Improvement, Construction, Retail, Telecom sectors, it can be configured to address other sectors as well. The solutions, built with several years of domain knowledge and experience in industry, have on average, delivered 25% or more year over growth, 30–40% reduction in cycle times and 20–30% improvement in customer service levels to our customers. They range from Fortune 50 retailers, telecom giants and a number of small to medium enterprises.

portfolio

Build

ReMAP BUILD establishes a company's digital infrastructure with the setup of various products and services online, master data parameters and the ability to conduct campaigns and commerce online.

Operate

ReMAP OPERATE covers day to day business operations – Lead acquisition, Lead Management, Sales Presentation, Pricing, Quoting and Selling, Procurement of Materials and Labor and Project Scheduling and Management.

Measure

ReMAP MEASURE facilitates the ongoing measurement of business performance through specific metrics and dashboards.
